ANNUAL REPORT  
OF THE  
AUDITOR OF STATE

OFFICE OF AUDITOR OF STATE,  
COLUMBUS, OHIO, December 31, 1907.

To His Excellency, ANDREW L. HARRIS,  
*Governor of the State of Ohio:*

DEAR SIR:—I have the honor to transmit herewith my twelfth annual report of this department of the State Government, in pursuance of Section 3, Article 15, of the Constitution of Ohio, and the following provision of law:

"Sec. 62. The Auditor of State \* \* \* shall, annually, as early as the fifteenth day of December, make and deliver to the Governor a report of the receipts and disbursements of the State Treasury, for the year ending on the fifteenth day of the previous November; also the balances of the several funds then in the Treasury, the amount of warrants drawn on each fund, and which remained outstanding, the unexpended balances of all appropriations, a careful estimate of all ordinary receipts and disbursements for the year ending November 15, next following, and detailed statements of the public funded and unfunded indebtedness of each county, township, city, village and school district, with the rate of interest payable thereon, the date of maturity, and purpose for which the same was created, and all such other matters as are required by law, or he may deem valuable as financial information, together with such remarks and suggestions relative to State finances as he deems proper for the consideration of the General Assembly."

The report, as usual, contains all the statements and exhibits necessary to a clear comprehension of the financial transactions of the past year, the present and prospective conditions of the various funds, and the manner in detail of receiving and disbursing the same; also many statistical tables relating to valuations, etc.

The arrangement and character of the statements and tables herein are substantially the same as in former reports of this department.

All of which is respectfully submitted.

W. D. GUILBERT,  
*Auditor of State.*

There were revaluations of real property of this State for the years 1826, 1835, 1841, 1847, 1854, 1861, 1871, 1881, 1891 and 1901.

Note.—Prior to 1826, real estate only was brought upon the duplicate for taxation for State purposes. Funds for county purposes were derived from a poll-tax and a tax upon horses, mules and cattle, to which was added, by legislative appropriation, a percentage, from one-fifth to one-half, varying with the several years, from the taxes levied upon real estate.

Under the act of February 3, 1825, which took effect March 1, 1826, all taxable property was placed upon the grand duplicate, viz.: Lands and town lots, including buildings, horses, cattle, pleasure carriages, over the value of one hundred dollars, and merchants' and brokers' capital, to which was added, "money loaned at interest," and "all grist, oil and saw mills; all manufactories of iron, glass, paper, clocks and nails; all distilleries, breweries and tanneries; all iron, brass and copper foundries," under act of March 14, 1831.

Under the act of March 2, 1846, a new system of taxation was inaugurated, which, with various slight modifications, is now in force.

The total includes the per capita on dogs, which amounted in 1907 to \$287,570.00.

TABLE VII.

## AGGREGATE VALUATION AND RATES OF TAXATION.

The following pages give the aggregate valuation of all the real and personal property placed upon the duplicate for taxation in each township, town, city, village and separate school district, in the state, and the rates levied on such property, stated in mills and decimals, upon each dollar for 1906 and 1907. The number of mills will therefore indicate the amount of tax in dollars upon each thousand dollars of valuation.

The rate is inclusive of one and three hundred and forty-five thousandths (1.345) mills, levied for state purposes, and thus shows the entire tax for all purposes in each locality, except in rare instances where taxes for purely special purposes—such as taxes for road improvements, where abutting property only is taxed and collected on a separate duplicate, or where assessments are made against city lots at a rate per foot front—are placed upon the duplicate for collection for the benefit of contractors. . .
